DRAFT

Chit to SA/PD/DCI to cover:

-	The attached draft has seen distributed to the Ant-DAD	to show	
25X1A	the approach that and I have taken after having	heard the	
	advice of the committees. I propose that the following acti	ons be take	n:
	a. A discussion by you with	and	25X1A
	Reber.		

b. A discussion with General Cabell in which it might well be recommended that he discuss these papers with Admiral Frost and, depending on the outcome of that, possibly with the IAC prior to, if the need should remain, a discussion between Mr. Dulles and Admiral Burke.

In the event that a reconciliation of views is not feasible through the means outlined, the decision of the Director should be confirmed at the White House before transmittal to Admiral Burke.
